Q39

Do you have any comments or observations on the Neighbourhood Plan that you would like to make?

I feel that it is important that the village develops in accordance with its character: some development is essential (this is how the village has slowly grown over years) or the village will not 'live' and become constricted- over time this will lead to things dying. To this end small scale predominantly affordable development should be given priority (the last thing we need are predominantly 'executive' homes or volume builders) to allow for younger people to stay into the village and older people to downsize (thereby releasing larger homes). A diversity of housing types is the way forward. I think that this plan is excellent and well thought out.
Thank you!
