**Q14**

If you Oppose this policy, please tell us why. You can also use this comment box to make observations.

There are three main routes in and out of the village. I have always maintained that small organic growth pockets on each of these routes over the plans lifetime would be best, it would prevent a saturation area in what had always been and should continue to be an area of small scale "organic growth".

RNP9 - The Transport Network and Parking Provision  
This policy seeks to minimise any adverse impacts from parking arising from new development (particularly in the Conservation Area), and to facilitate the transition to electric vehicles. Do you Support or Oppose this Policy?

---

Page 24

**Q26**

If you Oppose the Neighbourhood Plan objectives, please tell us why. You can also use this comment box to make observations.

Parking in this village has and will continue to be a major problem....electric cars will not reduce the amount of vehicles in the village, they may be greener..but what will generate the electricity of the future??

---

Page 25

**Q27**

**Support**

RNP10 - Natural Environment and Landscape  
This policy provides protection for areas and natural assets which are important to the setting and character of the Parish. Do you Support or Oppose this Policy?

Page 37: Other Comments

**Q39**

Do you have any comments or observations on the Neighbourhood Plan that you would like to make?

RNP8..we all wish for better IT. Connectivity, this is a countywide issue for rural areas and is currently a phased process on track.( county Council has its own company dealing with this)

RPN9...As with many other small rural villages, parking has always been a problem in the past....electric cars may be greener and help the environment but it will not reduce the number of vehicles

RPN12...There are so many new " Green Groups" involved in protecting the Leven Valley and its water courses,We all should be supporting them.

RP13....Green spaces should only be included if the owners have been part of the discussion process, prior to making any decisions, there are still significant " Green Areas" that have been set aside and overlooked by the " NIMBY" attitude of some who do not want any thing new near them .... Is this the right approach.
